

Fits any radiator.
Dramatically reduces heat loss.
Heat your rooms, not the outside.
Quick & Easy to install.
No need to remove radiators.
Save energy and Money.
Insulation for the DIY'er

Xcel Insulation's Radiator Packs are easy to install, reflective aluminium foil bubble insulation. Designed specifically for radiator, but can be used on a multitude of applications (see our Multi Purpose Insulation for examples).

Our cost effective solution will help reduce energy usage and save money.

Create a thermal barrier in less than 5 minutes with this easy to install insulation. No special tools are required, just a pair of scissors.

Enough insulation to cover up to 3 radiators.

PRODUCT DIMENSIONS

Thickness	3mm
Layers	3
Weight	126 g/m ²
Width / Length	600mm x 5m

FIRE PERFORMANCE

Reaction to fire (Euroclass)	Class E (behind plasterboard)
---------------------------------	----------------------------------

THERMAL PERFORMANCE

Core	0.12 R Value
Wall	1.45 R Value
Emissivity	0.05

The wall value include air space
